1. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

2. Claims 1 and 2 are rejected under 35 U.S.C. 102(b) as being anticipated by Howard (US 6,338,164).

In regard to claim 1, Howard provides a non-binding knee pad comprising a pad body (10) adapted to engage the waist (28) of a user and to extend below the knees of the user in the front of the leg and knee pads (figure 1). The knee pads (26) are connected to the pad body (22, 23) and are positioned such that the pads will fall under the knees of the user when the user kneels (column 5, lines 29-37). A leg belt or belts (40) which loosely encircle each leg and serve to hold the pad body (10) and knee pads (26) in proximity to the leg of the user when kneeling or standing (column 5, lines 29-37).

In regard to claim 2, Howard provides the knee pads being removable (column 4, lines 23-27).
